5. Number of faculty involved	02
6. Aim & Objectives – <ul style="list-style-type: none">To remove the Wastes and Maintain the Hygienic environment in the college premises.To promote the students involving in clean and green programme.	
Brief report : <ul style="list-style-type: none">"Clean and green" refers to a world where the environment is healthy and people can live productive lives. It's about reducing pollution, conserving natural resources, and adapting to climate change. Green on the other hand has a direct link to promoting good health. Literally a green environment means abundance of trees and greenery. Trees are instrumental in purifying air by absorbing the dangerous gases and giving out Oxygen.In part of Swachh Bharat programme, Dept of zoology conducted a clean and green programme on 27-11-24 at out college premises.09 students (I year Zoology Honours) were participated in this programme. The students removed the waste materials and other unnecessary weed in front of the Zoology Dept.This programme helps to the students to maintain the cleanliness of their surroundings.Faculty of zoology Dr. N. Chandra Mohan and B. Sujatha were participated in this programme.
