

GDC RAjampeta
Department of Zoology
Activities 2025-26

1. Name of the Activity	World Egg Day
2. Name of the Lecturer	Dr. N. Chandra Mohan
3. Date	10-10-2025
4. Number of students participated	60
5. Number of faculty involved	8
6. Aim & Objectives – <ul style="list-style-type: none">● To aware the students about the Nutritional values of foods● To aware the students about the Nutritional benefits and Biological value of hen egg.● To aware the students about the importance of egg in the daily meal.● To aware the students about the types of eggs.● To aware the students about the preparation of different food items by using egg.● To Provide knowledge about the veg and non-veg eggs.	
7. Brief Report : <ul style="list-style-type: none">● Any substance, that is consumed by an organism for their sustainable life. Food is the main energy producing component. Nutrition begins with food. Generally six components present in the organisms food, i.e Carbohydrates, Proteins, Lipids, Vitamins, Mineral and Water. Proteins are the building blocks of the body. Carbohydrates and Lipids are the main energy resources. Vitamins and Minerals regulate the activity of the organs and organs systems.● Green leaves, Vegetables Chicken, Meat and hen Egg contains Proteins.● Egg is the richest protein food. Its biological value is high.● Egg is the basic food item in the daily meal.● To aware the students about the egg, Dept. of Zoology has conducted “World Egg Day” programme on 10-10-2025.● The theme of the day is "The Mighty Egg: Packed with Natural Nutrition".● World Egg Day was established in 1996 in Vienna by the International Egg Commission, a global organization dedicated to advancing the egg industry, to promote the significance of eggs in human nutrition, food security, and overall well-being.● In this we conducted “Food Exhibition” Programme. Students prepared different food items with egg and exhibited. Smt. B. Sujatha, Faculty of Zoology and Sri N.B. Sivaramireddy Lecturer in Physics were acted as a judges and selected best of three food items. We donated the prizes to the winners and participants.● Dr. B. Purushotham, Principal has given a broad information about the Nutritional food and its impact on human health. K. Venkata Narasaiah, NSS Programme officer, Dr. M. Jayachandra, IQAC Co-ordinator, S. Bhaskar Rao, I/C Dept. of Zoology, Dr. N. Chandra Mohan and B. Sujatha Faculty of Zoology, other Dept. lecturers participated and shared the information on egg. .	

Programme outputs :

- Students gain more knowledge about the egg.
- They got the importance of egg in the daily meal.
- Students felt very happy about this programme.

Speech by Dr. B. Purushotham garu, Principal

Speech by Dr. N. Chandra Mohan, Lecturer. in Zoology

Speech by Smt. B. Sujatha, Lec. in Zoology

Judges know the information about food items from the students

Distribution of prizes to the students – 1st prize

IInd prize

IIIrd prize

Consolation prize

Sign. Of the lecturer-

**Dr. N. Chandra Mohan
Lec.in Zoology**
