WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: About Excel introduction

Detailed Report: Microsoft Excel is a powerful spread sheet application from Microsoft Corporation. It makes it easy for you to create various kinds of spread sheets, tables and statements along with the graphical representation of data. While working in Excel, you can make use of its most important feature of automatic recalculation, to save time and effort.

In Excel, you can work with work sheets, which consist of rows and columns that intersect to form cells. Cells contain various kinds of spread sheets, tables and statements of data that you can format, sort, and analyze. You can also create charts based on the data contained in cells. An Excel file is called a workbook, which by default contains three work sheets.
